Background

In 2006, the Center for Non-Profits embarked on an ambitious long-term effort with partners across the country to unify and strengthen the non-profit sector.

Following the groundbreaking **New Jersey Non-Profits at the Crossroads: A Summit for the Future of the Non-Profit Sector**, attended by leaders in non-profits, business, government and philanthropy, New Jersey sent 8 delegates to the Nonprofit Congress National Meeting in October 2006 to develop priorities for collective action.

The Top Priorities of the 2006 Nonprofit Congress

- n **Nonprofit Organizational Effectiveness**
(focusing on Accountability/Best Practices and Leadership)
- n **Advocacy and Grassroots Community Activities**
- n **Public Awareness and Support of the Sector**

At the **2008 Town Hall Meetings**, non-profits and their allies will share success stories and ideas, pool talents and plan additional strategies to strengthen the non-profit community in these priority areas. The results will be carried to the **Nonprofit Congress National Meeting** in Washington, DC, on June 1-4, 2008.

COME TO WASHINGTON!
